Bling me, baby....

Chelsea Taylor

Editor Sharon Haver and I came across this line: **Chelsea Taylor**. We both come from a different point of view when it comes to wearable jewelry! She was drawn to the more minimalistic sculptural, downtown pieces; where I was dazzled by the big chunky, in-your-face, gotta-have-them side of things. Taylor's 70's and 80' glamour collection rocks the rocks! Your going to love this one, trust me: chelseataylor.com
