

Live It, Love It: Chelsea Taylor Jewelry

POSTED BY GOSSIP GIRL ON DECEMBER 17TH, 2010

My holiday shopping list is almost complete: Cufflinks for daddy, Hermes tureen for mummy, Chanel flats for sissy, but hmm . . . what to give the best frenemy? I am recently obsessed with Chelsea Taylor's sexy and sinister serpent ring. Studded with Swarovski crystals and customized to the color of your choice, it's sure to go with whatever sly shade suits her best. Merry Chr*h*issssssmass.
